

## CULTURAL RESOURCE MANAGEMENT CONSULTANTS (Revised November 2025)

This list is provided by the Missouri Department of Natural Resources as a service to individuals, local governments, agencies, and businesses seeking the professional assistance of consultants with qualifications in conducting architectural and/or archaeological investigations. This list is not intended to be all inclusive. Consultants who request inclusion and who meet the professional qualifications outlined in 36CFR61, Appendix A, will be included. The following Minority and Women Business Enterprise (MBE/WBE) information may provide a starting place in your search for a consultant.

The department assumes no responsibility for the accuracy of this list and does not attest to the personal or corporate qualifications of persons or firms appearing on the list. Neither the department nor the State Historic Preservation Office (SHPO) recommends particular consultants or consulting firms. Nor do they require that federal agencies, recipients of federal funding, or others hiring consultants select them from this list. The inclusion of a consultant on this list is not an endorsement, sanction, or certification of that consultant by the Missouri Department of Natural Resources or by the State of Missouri.

Before hiring a consultant or consulting firm, review their credentials and ask questions. The following list contains cultural resource management professionals with diverse areas of expertise. **Make certain the organizations that you work with employ staff who possess the expertise needed for your particular project and that these staff are not assigned tasks they are not qualified to undertake.**

For further information or to request inclusion on the list please contact us at [moshpo@dnr.mo.gov](mailto:moshpo@dnr.mo.gov) or call (573) 751-7858.
