1.				This one and a half brick craftsman bungalow vernacular house has a hipped roof and wide overhanging eaves. There are many roof planes since there are three gabled dormers on each of the North, West, and South facades visible from street level. There are two side-by-side 6/1 windows on each of the three dormers and as well there are 6/1 windows on the lower level of the building. An open full-width porch is supported by four evenly spaced columns across the front façade. The porch supports are square, brick floor-to-ceiling columns. Four concrete stairs lead up to the front door with a single black metal railing located on the South side.

1.					<p>The Windisch Motor Company is located on a level lot at 601 Morgan Oak, Cape Girardeau, MO. This Moderne architectural style commercial building is a single story right-L shaped building with a flat roof with concrete coping with vertical grooves in keeping with the architectural style. The building is made up of two sections. A small display area and the garage area, both face north. Two 19 foot brick sections border a white rounded concrete projecting extension that runs 34 feet across the front of the garage. The rounded edges of the projecting extension have a restroom on each side. A garage door is in the middle of this projected extension. Mid-way back of the projecting extension area is a steep shed dormer with nine (9) 15 over 6 pane windows that allows natural light into the garage area. The front display portion of the building is 5 to 6 feet from the street. This building is near the Haarig Historic District.</p>
