## DADE COUNTY

Encompassing 504 sq. miles of the west slope of Missouri's Ozarks, Dade County was organized in 1841 and named for Maj. Francis L. Dade killed in Florida War with Seminoles in 1835. In territory ceded by Osage tribes in 1808, the county was early settled by Southern pioneers.

Greenfield, the county seat, laid out 1841, is on a plateau above nearby Turnback Creek. The town site, with rolling prairies on the west and wooded hills on the east, was given by Matthias and Mary Allison. Here was Ozark (Presby.) College, 1881-1903, founded as an academy, 1870. In Ebenezer Presbyterian Church (built in 1854, rebuilt 1884) was organized the Ozark Presbytery, including 25 counties in 1870.

A divided county in the Civil War, Dade suffered guerrilla raids, troop movement, and skirmishes. In Oct., 1863, Union soldiers stationed in Greenfield withdrew at the approach of Confederate General Joseph O. Shelby's troops who burned the courthouse. Rebuilt 1867, the courthouse was replaced in 1934. In 1881, the Kansas City & Memphis R. R. (Frisco) was built through the county.

(See other side)

Erected by State Historical Society of Missouri  
and State Highway Commission, 1961

## DADE COUNTY

(Continued from other side)

Dade County, dairy, livestock, grain, and fruit farming area, was briefly mined for coal, zinc, iron, and more extensively for lead. In 1874, discovery of a 50,000 lb. lead boulder brought the opening of Corry Mine and founding of the one-time boom town of Corry. Other mines were worked before lead mining stopped in the early 1900's.

Dadeville, once known as Crisp Prairie and Mellville, was settled by Redden and John Crisp about 1818. Burned in the Civil War, it was rebuilt and renamed. Arcola was laid out, 1880; Crisp became a post office in 1890's; and South Greenfield, Everton, and Lockwood were laid out along the railroad in 1881. In the 1880's, a number of Germans settled in and around Lockwood.

In Dye Park at Everton is the William Penn log cabin, first building to serve as a courthouse. Near there is Dilday Mill; near Greenfield is so-called Spanish Fort built by prehistoric Indians; and near Lockwood is the Interdenominational Sinners Union Church. In adjacent Cedar County is site of Stockton Dam impounding the waters of the Sac River in Cedar and Dade counties.

Erected by State Historical Society of Missouri  
and State Highway Commission, 1935

## Dallas County - First Courthouse

First courthouse built in 1846-47 by Levi Becker  
small 2-story <sup>brick</sup> building & courtroom was located  
on first floor with county offices on the second.

Used as a fortress by Home Guards in Civil war. In  
Oct. 1863 Confederate troops burned the courthouse to the ground  
& captured the Home Guard. Court then met in the  
Methodist Church until July 30, 1864 when it built.  
Then court moved into a frame building at west side of A  
until Sept. 3, 1867 when it was burned by unknown parties.

## Dallas County - 2nd Courthouse

Met in school house in Buffalo until Feb. 1886  
when the court appropriated \$5,000 to build new courthouse.  
Later \$1,500 was added to the sum. Contract to H. E. Dye, <sup>Capital cost</sup> \$1,000 more.  
Designed by Dr. E. Hovey, superintendent of pub. buildings at that time.

This new courthouse was built of brick, with a  
handsome cupola on the top. The offices were supplied  
with fine proof vaults for the public records and the  
entire building has an artistic architectural appearance.  
A clear view of the picturesque country around Buffalo  
can be seen from the cupola.

Early Days in Dallas Co - 1954

## Douglas County -

Before 1870 court in the "Reynolds' Hardware" building, a log structure on what is now east side of the square. p. 6.

Later the county bought a stone building on northwest corner square. In 1886 it was destroyed and court was held in the Ava school house. p. 6-7.

In 1888, a frame courthouse was erected in the center of the public square, largely from donations + from the sale of town lots. This building served the county until 1937, when the present courthouse on the southeast corner of the square was completed. In January 1937, the old building was sold to F. F. Buck and E. L. Fletcher for \$350, to be removed by them from the center of the square within 90 days." p. 7.

Bandstand at northwest corner courthouse. p. 83.
