42 Further Description of Important Features

While a 3-story house stood at this site by 1875, and a 1946 building permit was secured for the reduction of a three-story brick structure to one story, it is difficult to say if this is the same building behind the permastone. A one story concrete block structure was added to the north elevation in 1960

41 Distance from and Frontage on Road: at sidewalk line

42 Further Description of Important Features
In 1951, this former 3-story residence was reduced to 2 stories. The same year the adjoining concrete block addition to the east was made. One-story office conceals first story of the original building

43 History and Significance

44 Description of Environment and Outbuildings: A spur of the Missouri Pacific Railroad runs along the north portion of this block, leading to the railroad's engine and machine shops. The railroad's water tower is directly to the north of this structure.

40. VISIBLE FROM PUBLIC ROAD? YES (X) NO ( )

41. DISTANCE FROM AND FRONTAGE ON ROAD 12' @ 60'

42. FURTHER DESCRIPTION OF IMPORTANT FEATURES
Large bay w/ raised brick piers at jambs. To right, 3 windows bricked in; older portion of bldg. Newer windows louvered. Raised 3-brick course on upper facade.

43. HISTORY AND SIGNIFICANCE Mr. Hamill is the 3rd generation of family in business at this location. His grandfather founded Hamill Transfer in 1880. This corner was purchased @1930 from the Sayman estate. It was a carriage house, blacksmith shop, small zoo and riding ring. The ring wall was raised & roofed comprising most of 22nd St. facade and Cole St. corner. Two small brick houses were included in the roofed enclosure; these razed @1980. An interior wall is formed largely of old railroad roundhse windows.

Sanborn. "Private garage" as of 1932.

44. DESCRIPTION OF ENVIRONMENT AND OUTBUILDINGS Glass tiles in sidewalk across 22nd, are remains of a 4-storey lamp factory (burned 1974@). This had, as did many bldgs., 2 basements, glass tiles were to provide light to basement. Also had a cave beneath. Sayman stables were north of ring complex, across Carr; demolished.

42. FURTHER DESCRIPTION OF IMPORTANT FEATURES

3-row brick segmental arches over narrow windows, wooden arch infill, with triangular incised design. Stone sill. Curved end metal first floor cornice, modified. Dble door to left side. Wood framing.

43. HISTORY AND SIGNIFICANCE

Formerly a 4-storey building, said to be a cotton gin, in operation in ante-bellum times. In early 1900s, Saffron Mattress Co. bought building & also built two buildings & 1 storey addition to the west. Mr. Hammill purchased 4-storey bldg;, then sold to present owner who removed 4th storey. His plans for bldg. are uncertain.

Pillow manufacturing, as of 1932. Sanborn. Due to additions and possible renumberomg. may be bldy. (2217), occupied by N.Y. Storage & Moving, 1895-1926. Gould Directory.

42 Further Description of Important Features
Building permits show construction of a three story school in 1895, with two and one story additions and alterations 1905 and 1913. Part of original 3rd story remains (stair wells) The one story addition at east elevation was in 1905

43 History and Significance
L'Ouverture School, also listed in city directories before the turn of the century as Colored School #4 occupied these buildings from 1895 until recently

44 Description of Environment and Outbuildings
The present setting for this former school is a yard of junked trucks cars and tires.

45 Sources of Information
